I have a 2001 Honda CR-V LX with 142,000 miles on it. I just bought the car from a private party about a week ago, and when I bought it, it had a check engine light on, but it didn't seem to phase the car or its driving at all. I took it to AutoZone and had the code run and it came back a P0301, which is a cylinder misfire detected. I took it to my mechanic and they ran the diagnostic and ...

2001 Honda CR-V Check Engine Light? | Yahoo Answers

2001 Honda Cr-v LX w/ 181,000 miles After this first oil change i got, everything has be in perfect running order and i couldn't complain. I'm in love with the car. I just recently realized a high pitch squeal when i start the car. I'm not very knowledgeable when it comes to car maintenance, just wondering if anyone's got any idea.
