Lambretta dates back to 1947, when the first scooter rolled off the production line. Lambretta was a pioneer in the field and brought the scooter to the mass market. The bikes were extremely popular and became an integral part of Italian culture. Even to this day, the Lambretta is woven into the fabric of Italian lifestyle.

The Lambretta GP/DL range was the final range of classic Lambrettas to be produced before Lambretta was sold to British Leyland Motor Corporation in 1971. The range was called the DL in most countries, but was called the GP (standing for Grand Prix) in Britain and some other countries.This was to associate the scooters with Formula One which was extremely popular and successful in the late 1960s.
