Counseling Outcome Research and Evaluation: SAGE Journals
Explain research methods, statistical analysis, needs assessment, and program evaluation to the counseling profession. Apply core theory and research of the cultural context of relationships, issues and trends in a multicultural and diverse society to the counseling profession. Communicate clearly and effectively, both orally and in writing.

Research and Evaluation - American Counseling Association
This was the required text for my recent course on statistics and research in counseling. I was dreading this course terribly but I have to say that this textbook was well written and made the material easier for me to grasp. I wouldn't pick it up for light reading, of course. But, as a textbook, it is pretty good.
