The RotorWay 300T Eagle is an American helicopter that was under development by RotorWay International of Chandler, Arizona, in 2009-2011. The aircraft was intended to be certified and supplied as a complete ready-to-fly-aircraft for the flight training and aerial work markets.

**Rotorway Exec Helicopter Kit - Redback Aviation**  
Flight training easily can add another \$3000-\$4000 to the cost, too. New light helicopters start at the \$83,100 list price for a Robinson R22: a Hughes 300 or Enstrom Shark tops \$135,000 retail. Thus the RotorWay program offers good value to the pilot ready and capable of doing his own construction.

**Flying The Rotorway Exec RW145 - Redback Aviation**  
This newest model Rotorway helicopter is called the Exec 162F, and I was in town to take it for a test flight. After I arrived at RotorWay International's new factory, I was introduced to Elbert Wolter, RotorWay's director of flight operations and an FAA designated examiner.
