NATS Chat with Dr. Ingo Titze - October 2, 2011

The word originates from voice scientist, Dr Ingo Titze, who even has a book titled 'Vocology. The Science and Practice of Voice Habilitation'. As singing teachers we deal with vocalisation on a daily basis so it makes sense that we understand the implications and uses of vocology in our teaching.

What Is Vocology? - BAST - Be A Singing Teacher

In a preliminary paper on the theory, Dr. Titze describes how it could be possible for the ligament structure inside our vocal folds to transform in the same way. What's especially relevant about that to singers is that the ligament is what vibrates when we sing (along with the rest of the vocal fold tissue, of course).

Stretch that vocal ligament for a bigger range! - The ...
