Shariatmadari's case puts a much-needed spotlight on the plight of Iranians abroad. While no immigrant, refugee, or visitor group is a monolith, Iranians have long-seen Turkey, which shares a 330-mile border with Iran, as a place to experience elements of a life denied at home. However, the Turkish government's continued deportation of activists, and the blind eye Ankara turns toward ...

The Plight of Iranians in Turkey | RealClearWorld

Marx's prognosis of a socialist future was founded on the assumption that science and industrial technology would eventually make it possible for society to produce material goods in such plenty as to render social differences unnecessary and put the dignified leisure required for the pursuit of high culture within reach of everyone.
